

Event Planning with the Moon!

Jen Dalke, Herbalist

Event Planning with the Moon discusses the impact each phase of the moon has on our daily existence. We will also discuss the astrological elements of planning and how these may impact our experience too! Students will come away from the class feeling more prepared to plan life events in a way that has the maximum benefit. Factors such as when we typically have more energy, when we feel more confident, or when to avoid certain arrangements will be covered, along with some pro-tips for the best ways to keep track within a busy lifestyle.
